LEARN TO SKI

With

The Webster Water Ski Collective

The Webster Water Ski Collective

is hosting a **"Learn to Ski"** event for residents of
Glen Echo on **July 11th, 9:00am - noon.**

- This is a **"Kick Off"** event with the goal of reforming the **"Glen Echo Skiers"** here on the lake under the **Webster Water Ski Collective's** umbrella and insurance.
- The event will be **FREE** for lake residents, as the insurance costs are being covered by our neighbors at **Paragon Power Washing**, thank you to **Dave Cantwell and Rebecca Bullock.**
- **Water Ski Collective** is a **5013C** organization affiliated with **USA Water Ski** with the goal of promoting water sports and safe boating.
- We currently ski from **Point Breeze** in **Webster** and have **licensed instructors, safety officials** and **drivers** as part of our group.
- We are a **family friendly ski group** with **some tournament quality skiers**, but mostly made up of **beginners and recreational skiers** who are just looking to ski with friends and improve their skills.
- If you were a **"Glen Echo Skier"** back in the early 2000s or prior, we want to bring that experience back! I have seen the **old videos of the kids and adults** hanging out and having fun and that's what we are all about!
- We are **hoping** that this **partnership** will allow for the two groups (**Webster and Glen Echo**) to **share resources and people.**
- If down the road we wish to do a **tournament or ski show**, we will have more people and resources to help make that happen!
